

My Crystallography class

中南大学

*(Zhong nan da xue)
Changsha, Hunan Province*

11/11/2010

Zhong nan da xue --> Central South University

Last day of class

All are Materials Science graduate students (except one guy)

Assistant Guan Dikai (the one wearing glasses) explaining how to find the line group for a spring during an informal problem session

Tough problem

Still working on it

Still working on it during a class break
